

JACKED OFF

Well, here I go
What am I supposed to do
Shipped my ass across for you
Crossed the sea and cross this ice
And a place that I don't know
I can't feel it, and I can't go
And I'm supposed to put up a good fight for you

Oh no
Where my go

Holy shit, where'd they sending me now
My ass is on the line
And I'm gonna crawl now
I've gotta hold on to honor called for you

I sit down and look at my hand
I got no one that I can understand
I got a hole and I can pray for me and for you

I lay down my life
For god and country and sacrifice

My name is
Jack
I'm ready for the attack

I'm ready to go in
All my conscience and all my sin
And I've got no more preparation for that
My uncle Sam says I'm ready to go
And I'm ready so just put me in that show
And I'm ready for all that I can attack

Oh my

Mother now

Jesus Christ, what do I do
It's not what they've been telling you
It all things that are all been , all this part of that lie
I can't pretend anymore
I can't even break out that score
About things I'm not supposed to be in anymore

Let me go
I got no more to throw

I see all these little children
They haven't done nothing to me
And they are crawling on their knees
I'm begging now, cant you see
That all those bombs overhead are
Not more that I can

Holy Fuck

I've got a conscience, so let it go
I aint got no more for this show
I aint seen nothing that's is a part of me
It's got nothing to do for my life
Nothing more that I can say for my wife
And I wanna go home, right now
I aint proud
No more
About what I do

Cant see I've violated you
I've gone off in your name
And now what do you say
Just pray for me everyday
I will hopefully be on my way
I'll bring my every soldier home with me

Home
No more wars to go
No more fight
Lets go home,
Hey

Hug your children and tell them you love them hard
Be strong and be that card
Be the one that says you'll be right tonight
Shine lights in every faith
Let them know there is no disgrace
In the love that you feel for your brother in your heart
